### Citizen's Facilities Advisory Committee Meeting Agenda

---

#### Meeting #5

September 28, 2021 • Time: 6:00 pm – 7:30 pm

**New Location:** Orting High School, 320 Washington Avenue North, Orting

**Project Overview:** Orting School District is facing expansive growth in the short and long term along the boundaries of the surrounding Puyallup and Sumner-Bonney Lake School Districts. The expected growth is mainly due to increased interest and availability in Pierce County housing. Current developments are slated to add an additional 6,251 homes within the District's boundaries within the next 10 years which will double our student enrollment. This student population growth will result in classroom overcrowding and the need for additional school facilities, as well as modernizing current facilities. With the most recent bond failure in 2017, the District must consider these challenges collectively and collaboratively. To better understand the communities' priorities and desires regarding school facilities, the District is engaging the community in a dialogue to further explore the enrollment and capacity issues, potential solutions, and alternatives. The CFAC or Task Force will present recommendations to the Board of the School District.

#### Meeting objectives

- To bring the CFAC Task Force up to date on the issues facing the District
- To consider and provide guidance to the District and its Board on key policy issues that may be foundational to development of potential solution packages
